

PRICING GUIDE

8 WEEK
MEDICAL ENGLISH COURSE

MED TALK

HELPING YOU SPEAK, LISTEN,
AND DOCUMENT
CONFIDENTLY IN ENGLISH

WHAT IS SLIDING SCALE?

It is a pricing system based on income of the person enrolling in the course, rather than the full value of the course.

WHY SLIDING SCALE?

I care deeply about access to education regardless of income or the current economy of your country. I believe that multicultural and multilingual healthcare professionals are a strength and asset to any medical team, and I believe everyone deserves a chance. I gave up clinical practice to teach Medical English full-time. This is my only income. I need to charge for my courses and my expertise. This is the best way to do that.

WHICH TIER AM I?

Tier 1: If your monthly income is the equivalent of at least 3,000 USD

Tier 2: If your monthly income is the equivalent of 1,000 - 2,999 USD a month

Tier 3: If your monthly income is the equivalent of less than 1,000 USD a month

*Note: These are guidelines, not strict rules. Each situation is different.
Example: If you make more than 3,000 USD a month, but have three children whom you financially support, you may decide to choose a lower tier.
Example: If you are a student and have no income, but your parents are financially comfortable and can assist you with the cost of the course, then you should choose a higher tier.*

TIER 1 FULL COST	TIER 2 PARTIAL DISCOUNT	TIER 3 FULL DISCOUNT
Course + Tutoring 97 USD a month <i>(194 USD total)</i>	Course + Tutoring 77 USD a month <i>(154 USD total)</i>	Course + Tutoring 52 USD a month <i>(104 USD total)</i>
Course Only 50 USD a month <i>(100 USD total)</i>	Course Only 37 USD a month <i>(74 USD total)</i>	Course Only 25 USD a month <i>(50 USD total)</i>

Referral Discounts

5 USD off for each friend you refer, and 5 USD off for your friend. You are welcome to refer as many friends as you want, all the way down to zero cost.

If after discounts, you are still unable to afford the class, please email me for scholarship options.
